RE: STH 60 Utility Project Construction Update

DATE: March 9, 2023

- 1) General Work hours of project will be 7:00 AM to 7:00 PM.
- 2) Project Work Zone: Industrial Drive to Ridgeway Drive, and south on Jackson Drive.

What's completed: M & E Construction is conducting property inspections in order to determine how to pipe burst the sanitary lateral. Water shutoff valve boxes are being replaced at the property line. The detour route has been activated, and the sanitary sewer main installation has started. A water main conflict with the sanitary sewer main occurred this week.

What's happening next: The construction zone is being prepared for the next snowstorm through March 10th. The construction zone will be plowed. M & E Construction will continue with property inspections on how to pipe burst the sanitary lateral. The sanitary sewer main installation will start again on Tuesday, March 14th to avoid the water main conflict.
